USING THE "SOUTHERN CUSTOM SELECT SERIES" CATALOGUE TO CHOOSE YOUR NEW HOME...

Southern Custom Select Series Homes are carefully designed to provide value, livability, enjoyment and much more...

Our Southern Custom Select Home Catalogue allows you to choose the Kitchen and Bath designs best suited to your family's lifestyle by making exchanges from one floor plan to another. You may also opt to incorporate your own design elements into your new home. Simply provide your Simplex builder with a sketch of your ideas. Your sketch will then be precisely engineered to work within your favorite floor plan.

Begin by selecting the type of home you desire. Choose from Ranch, Bi-Level, Cape Cod, Split-Level and Two-Story styles. Then, decide which overall home dimensions best fit your building lot and family needs. By reviewing each of the Kitchens and Baths available throughout our catalogue, you can begin to create your own special home. Consult your Simplex builder for specifications and pricing information.

As all of our homes are designed with careful attention to detail, you may well find your dream home among our existing floor plans.

Whichever plan you select or custom-design, you will be assured of unmatched quality. We look forward to building your special home and will work hard to live up to our promise of quality.
